Cc: Paul Baker <[paulbaker@utah.gov](mailto:paulbaker@utah.gov)>

John:

The Division has received a request for release of surety from Southwest Stone for their Dove Creek Pass Quarry (S/003/0052) in Box Elder County, Utah. Money released would be transferred to increase the surety at the Reef Mine (S/015/0094) in Emery County (this mine is also on SITLA properties).

Currently, the Division holds \$18,600 (cash) for the Dove Creek Surety. We are proposing to release \$13,600, and this time, retaining \$5,000 until the revegetation meets success criteria.

The Division inspected the Dove Creek Pass site on September 18, 2013. All garbage and debris has been cleaned up and hauled from the site. All highwalls and dump slopes have been regraded to the Division's satisfaction. The area was seeded on September 22, 2013.

At this time, we are asking for SITLA concurrence on the partial release of this surety. Please provide your response to Paul Baker or myself.

Thank you.
